ORA GOOD CAT

GWM (Great Wall Motor) defines itself as a global smart mobility technology brand, building vehicles for “All Scenarios, All Powertrains, All Users”, always guided by the belief that technology makes mobility a pleasure.

Through its brands, GWM HAVAL, GWM WEY, GWM TANK, GWM ORA, GWM POER, and GWM SOUO, it offers SUVs, pickups, new energy vehicles, and luxury off-road models, at the same time continuing to advance intelligent driving, smart cockpits, and new energy technologies, creating a green energy ecosystem that brings together hybrid, pure electric, hydrogen, photovoltaics, and energy storage. Our global network of R&D, Manufacturing, and Sales serves more than 15 million users worldwide, leading the future of intelligent mobility.

ORA

As a new energy brand under Great Wall Motor, ORA showcases its outstanding quality and distinctive advantages earning the trust of users worldwide with over 520,000 units sold. Its star model, the ORA 03, has been launched successively in countries such as Chile, Qatar, Uruguay, and Ecuador, bringing ORA's unique aesthetics to the world and establishing new global classics.

EXTRA GOOD LOOKING

RETRO DESIGN IN A MODERN EDGE

The ORA GOOD CAT takes classic motoring cues and makes them modern. Clean, rounded surfacing is matched with purposeful details. Cat-eye headlamps set a friendly face, a retro-inspired spoiler keeps the profile neat, and distinctive alloys complete the stance. In urban light, it complements architecture and open skies alike, quietly commanding attention.

Retro-Futuristic Interior

EXQUISITELY CRAFTED INTERIOR

The retro-futuristic cabin bathes in sunlight from the panoramic sunroof, accentuating its sculpted lines and soft textures. A horizontal dashboard keeps controls clear, while a 50W wireless charger adds everyday convenience. The upgraded column-mounted shifter enhances space efficiency and complements the ORA GOOD CAT's "retro-futuristic" design, blending elegance with practicality.

EXTRA GOOD DRIVING

CLAD IN SOPHISTICATED TECHNOLOGY

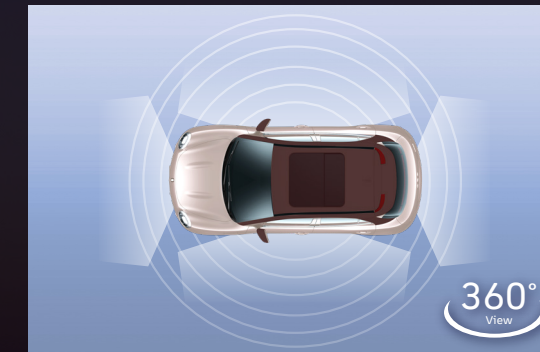

Enjoy the freedom of EV driving with intelligent systems working quietly in the background. 360° Surround View broadens your view, while various modes of Integrated Intelligent Parking help ease the process of getting into tighter spaces. In heavy traffic, Traffic Jam Assist takes the strain by managing gentle pull-aways, braking, and neat lane keeping. When the road opens up, Adaptive Cruise Control helps you hold your pace while maintaining a steady gap. Through bends, Cornering Brake Control supports stability, and at low speeds, Manoeuvre Emergency Braking can step in if an obstacle is detected.

PORTABLE POWER SOURCE

Vehicle-to-Load (V2L) turns your ORA GOOD CAT into a portable power source. Plug in, switch on, and bring electricity with you whether it's during a blackout or weekends on the trail and beyond.

3.3kW Vehicle-to-Load (V2L)

EXTRA GOOD APP CONNECTIVITY

Control the experience with your phone, from wherever you are. The app gives a clear snapshot of the car, helping you set the tone inside, and constantly keeps you updated while you get on with your day. When you return to your vehicle, there is no searching or fiddling, just a space that already feels prepared.

EXTRA GOOD SAFETY

ALWAYS LOOKING OUT FOR YOU

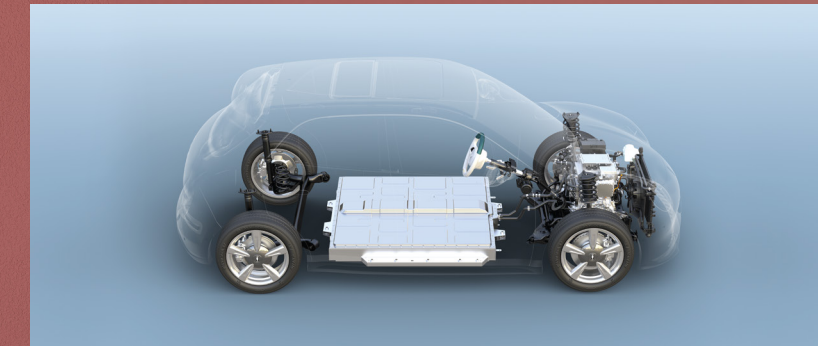

Think of the ORA GOOD CAT as your safety companion. Intelligent systems watch ahead, behind, and to the sides, warning of collisions, assisting with lane changes, recognising traffic signs, and keeping doors safe to open. Six airbags stand ready, while a clean air system keeps the cabin fresh. Together, they create a calm, protective space that lets you focus on the road and the people with you.
