First Class, Redefined For Everyone

Named after its founder, GWM WEY is built on a clear promise: to put people first and engineer safety into every detail. Through global-standard craftsmanship, intelligent technology and a user-first mindset, GWM WEY turns everyday journeys into experiences that feel quieter, safer and more refined.

This is first class, made accessible.
First Class for All.

"In China's history, many great brands have carried their founder's name. It stands for accountability and courage, and for true credibility. That is why I gave my own name to WEY."
— Jack Wey, Chairman of GWM

*Selected features and specifications vary between PHEV and HEV variants.

Inspired By Nature, Designed For First Class

Inspired by the philosophy of “High Mountains and Flowing Water”, the GWM WEY G9 brings this poetic concept to life through its design. Its waterfall-inspired front grille, mountain-like silhouette and bamboo-inspired taillights blend Eastern natural beauty with contemporary luxury for the age of intelligent mobility.

*Selected features and specifications vary between PHEV and HEV variants.

Mountain Silhouette

The strong side profile evokes the stability of mountain peaks, harmonising safety, robustness and aerodynamic efficiency.

Waterfall Grille

The front grille features a cascading waterfall design, creating a powerful yet refined presence.

Bamboo Taillights

Inspired by the layered rhythm and shifting light of bamboo forests, the taillight design conveys elegance, dynamism and natural harmony.

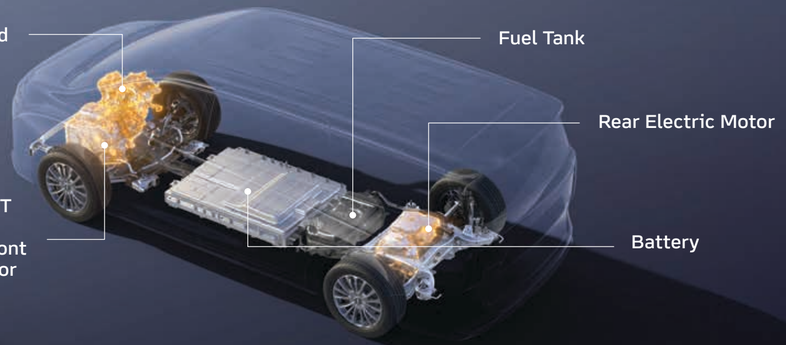

First Class Driving Powered By Hi4 Technology

Hi4

Powered by Hi4 technology, the GWM WEY G9 offers two powertrain choices: the Hi4 PHEV with a 1.5T Hybrid-dedicated engine, and the Hi4 HEV with a 2.0T Hybrid-dedicated engine. Both pair a 4-speed DHT with front and rear electric motors. The PHEV offers the flexibility of electric and hybrid driving, while the HEV delivers efficient hybrid performance with no plugging in required. Two powertrain choices. The same intelligent all-wheel drive and First Class luxury.

*Selected features and specifications vary between PHEV and HEV variants.

PHEV 1.5T Hybrid-dedicated Engine

Maximum Combined Power	Maximum Combined Torque	0-100 km/h	Battery Capacity
442 PS	642 N.m	5.7s	44.2kWh

Pure Electric Driving Range (NEDC)	Combined Driving Range (NEDC)	Fuel Consumption (NEDC)	Fuel Consumption at Low State of Charge
170 km	1,000 km+	1.2L/100 km	6.2L/100 km

HEV 2.0T Hybrid-dedicated Engine

Maximum Combined Power	Maximum Combined Torque	0-100 km/h	Battery Capacity
358 PS	782 N.m	7.5s	1.67kWh

Combined Driving Range (NEDC)	Fuel Consumption (NEDC)
845 km	6.5L/100 km

*The powertrain shown is the PHEV variant. Features and specifications may vary by variant.

Exclusive MPV Tuning, Made For Malaysian Roads

Outstanding Stability Across All Road Conditions

50:50 Front-to-rear Weight Distribution | **iTVC** Intelligent Torque Vectoring Control 0 : 100%-100% : 0 Dynamic Torque Distribution

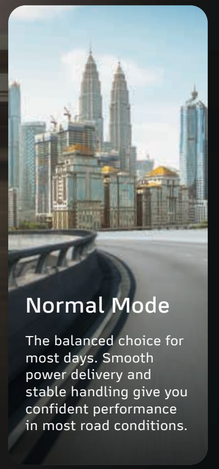

*Selected features and specifications vary between PHEV and HEV variants.

Exclusive MPV suspension tuning, tailored for Malaysian roads to deliver confident handling and excellent comfort.

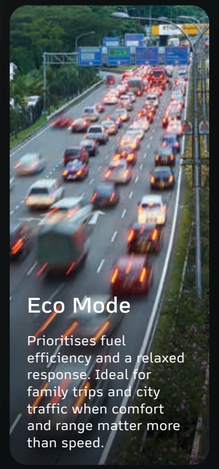

Full-aluminium Suspension System | **Multi-link Rear Suspension** | **Hydraulic Rebound Stop (HRS) Technology**

Driving Modes

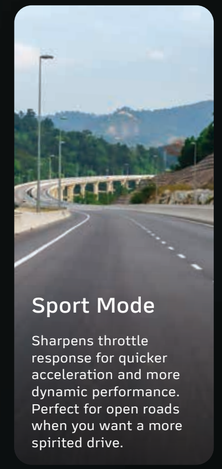

Normal Mode

The balanced choice for most days. Smooth power delivery and stable handling give you confident performance in most road conditions.

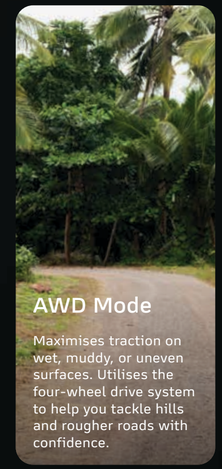

Eco Mode

Prioritises fuel efficiency and a relaxed response. Ideal for family trips and city traffic when comfort and range matter more than speed.

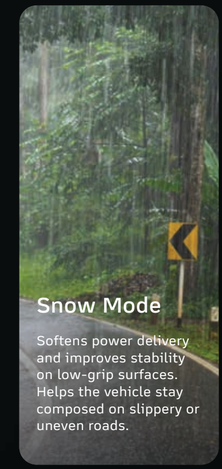

Sport Mode

Sharpens throttle response for quicker acceleration and more dynamic performance. Perfect for open roads when you want a more spirited drive.

AWD Mode

Maximises traction on wet, muddy, or uneven surfaces. Utilises the four-wheel drive system to help you tackle hills and rougher roads with confidence.

Snow Mode

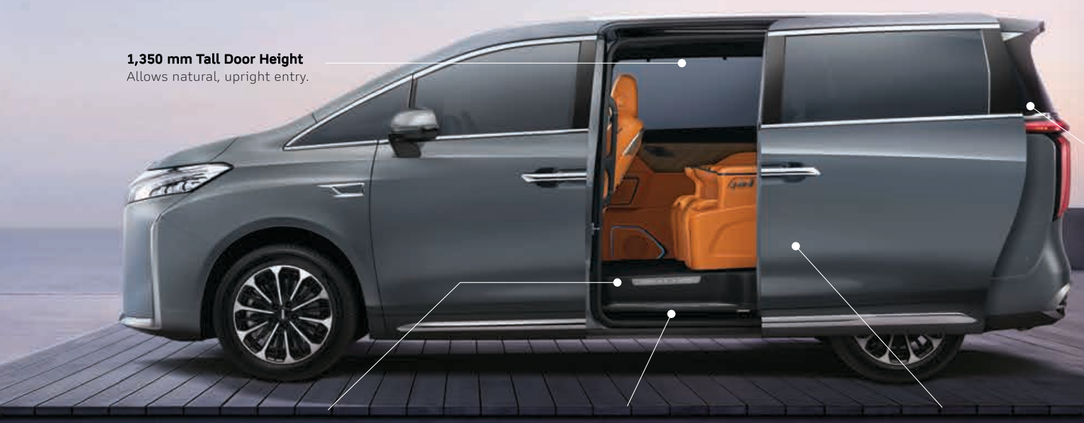

Softens power delivery and improves stability on low-grip surfaces. Helps the vehicle stay composed on slippery or uneven roads.

First Class Comfort, For Every Generation

First class comfort starts the moment you step inside.

The GWM WEY G9 is thoughtfully designed so children and elderly family members can enter and exit with ease. Wide-opening doors and low step-in height minimise awkward climbing and bending, making every step feel natural and secure.

Once inside, the flexible common rail system and spacious walk-through space make it simple to buckle in the kids, and move between rows. This quiet, considered kind of comfort that transforms everyday family trips into calmer, safer, and more enjoyable journeys.

1,350 mm Tall Door Height
Allows natural, upright entry.

2nd & 3rd Row Flexible Common Rail System
Provides flexible cargo capacity ranging from 233 L to 1,725 L.

Flat Floor Design
Creates a smooth, level walkway for easier movement across the cabin.

370 mm Low Step-in Height
Makes getting in and out easy for all ages.

791 mm Extra-wide Door Opening
Designed for effortless entry and exit.

*Selected features and specifications vary between PHEV and HEV variants.

Dual-level B Pillar Handles

233 L - 1,725 L
Flexible Luggage Space

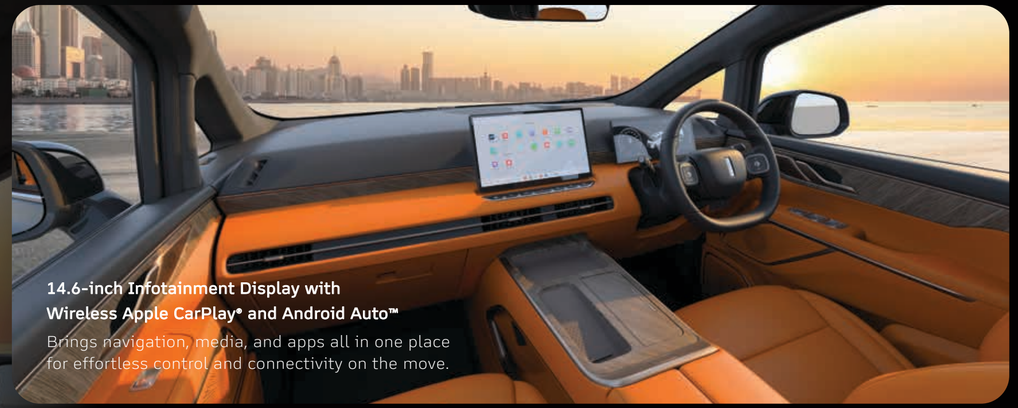

First Row

The Driver’s Sanctuary

Designed as a refined personal space, the first row blends focused control with the comfort of a private lounge. Nappa leather seats with massage and ventilation function keep you relaxed, even in heavy traffic.

Premium materials, intuitive controls, and a thoughtfully arranged layout make every drive feel calm, composed, and unmistakably first class.

*Selected features and specifications vary between PHEV and HEV variants.

14.6-inch Infotainment Display with Wireless Apple CarPlay® and Android Auto™

Brings navigation, media, and apps all in one place for effortless control and connectivity on the move.

50W Wireless Charger

Keeps your devices powered and charges quickly, no cables needed.

- **21-Speaker Audio System**
- **2,440W Peak Power Cinema-level Audio**

Delivers immersive sound for a theatre-like experience on every journey.

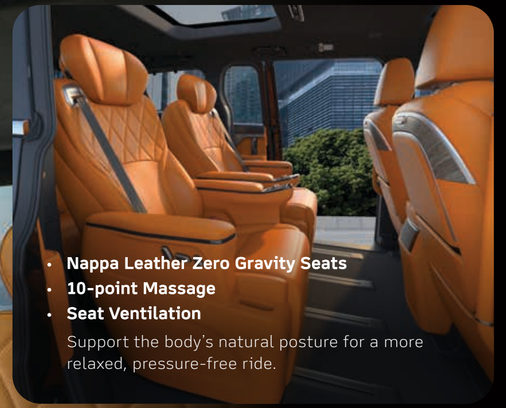

Second Row

The Passenger Lounge

The second row is designed as a true passenger lounge, where every journey feels calmer and more enjoyable. Generous space and thoughtful comfort invite passengers to relax and unwind.

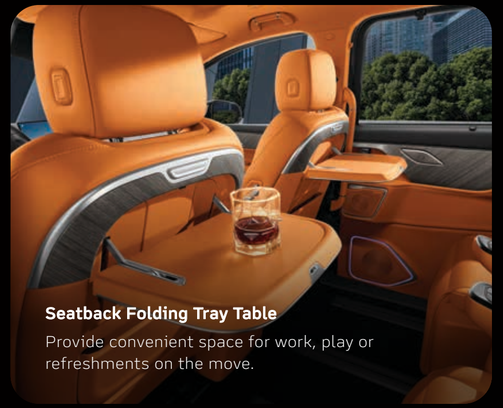

Zero Gravity Seats support natural posture, while cinema-quality audio and a built-in smart fridge complete the first class experience, turning every journey into a moment of luxurious comfort.

*Selected features and specifications vary between PHEV and HEV variants.

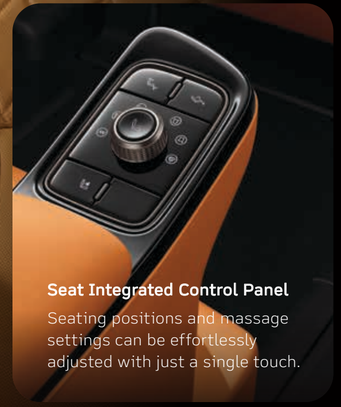

- **Nappa Leather Zero Gravity Seats**
- **10-point Massage**
- **Seat Ventilation**

Support the body's natural posture for a more relaxed, pressure-free ride.

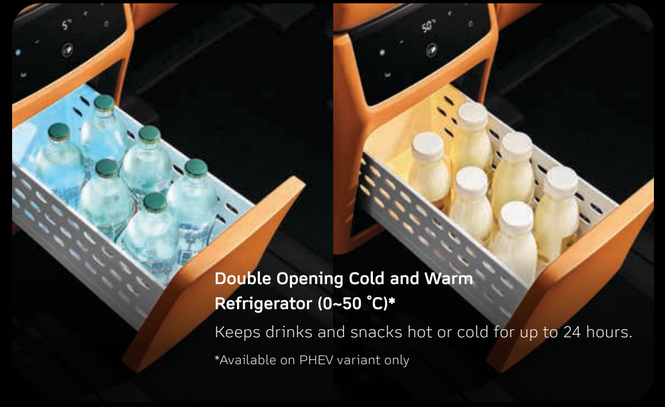

Seatback Folding Tray Table

Provide convenient space for work, play or refreshments on the move.

Seat Integrated Control Panel

Seating positions and massage settings can be effortlessly adjusted with just a single touch.

Double Opening Cold and Warm Refrigerator (0~50 ˚C)*

Keeps drinks and snacks hot or cold for up to 24 hours.

*Available on PHEV variant only

Third Row

The Family Sofa

The GWM WEY G9 offers a truly comfortable third row, designed for adults and growing families alike. Spacious proportions and multi-layer cushioning transform the space into a genuine family sofa, inviting passengers to sit back and relax.

The flexible layout can easily adapt the third row between family seating and extra cargo space. Whether it's children resting, adults relaxing, or luggage being stored, it's designed to support all your needs.

1,290 mm

512 mm

*Selected features and specifications vary between PHEV and HEV variants.

151 mm Plush Seat Base

Balanced cushioning that comfortably supports passengers of all ages.

1,290 mm Extra-wide Third Row Sofa

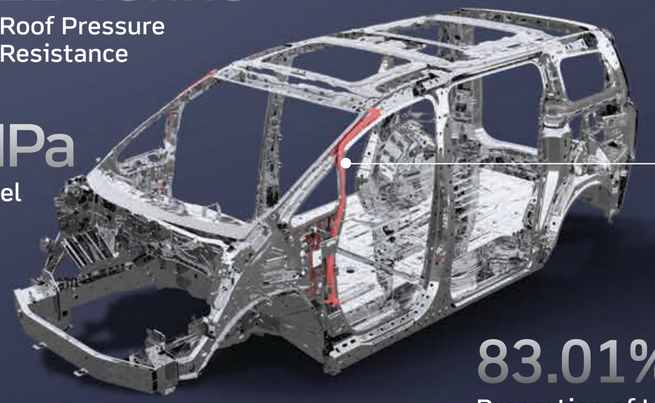

Spacious seating that allows passengers to sit naturally and relax.

First Class Safety, For Every Member

True safety is built quietly into every detail. From the strength of its structure to the care taken inside the cabin, the GWM WEY G9 is designed to protect what matters most—giving every passenger confidence, comfort and peace of mind on every journey.

12-Tonne
Roof Pressure Resistance

2,000 MPa
High Strength Steel at A&B Pillar

1,500 MPa
Hot-stamped Tube

83.01%
Proportion of High-Strength Materials

*Selected features and specifications vary between PHEV and HEV variants.

Fresh-air Cabin System

Triple Protection Cabin Air Purifier for All

Plasma Air Purifier
Reduces dust, bacteria and odours to maintain a fresh cabin environment.

Intelligent AQS Cabin Purification
Continuously monitors air quality and automatically adjusts airflow for optimal comfort.

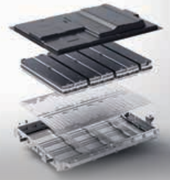

CN95 Air Filter
Effectively filters PM2.5, droplets, bacteria, and other harmful particles with over 95% filtration efficiency.

Structural Protection

3,107 mm Side Air Curtains 6-second Pressure-retaining

Extended coverage across all three rows for enhanced side-impact protection.

Side 4-layer + Bottom 6-layer Battery Protection

Multi-layer battery protection reduces the risk of damage, overheating and leakage.

4-longitudinal, 7-transverse Main Cross-section Structure

Reinforced chassis design improves rigidity, stability and energy absorption.

For Situations That Demand First Class Safety

The GWM WEY G9 is designed to make everyday driving safer and easier.
Its active safety system helps prevent accidents, reduce driving stress, and support the driver in busy city traffic, long highway journeys, and tight parking situations.

With L2 ADAS working quietly in the background, the GWM WEY G9 delivers peace of mind for families, making every journey safer, more relaxed, and more reassuring.

*Selected features and specifications vary between PHEV and HEV variants.

Digital Rearview Mirror with Automatic Anti-glare Function

Provides a wider, clearer rear view while driving.

Fully Automated Integrated Parking

Makes parking effortless and more reassuring, even in confined spaces.

LEVEL 2 Advanced Driving Assistance Systems (ADAS)

ACC – Adaptive Cruise Control
TJA – Traffic Jam Assist
FCW – Front Collision Warning
MEB – Manoeuvre Emergency Braking
LDW – Lane Departure Warning
LKA – Lane Keeping Assist
LCK – Lane Center Keeping
ELK – Emergency Lane Keeping

AEBI – Auto Emergency Braking + Intersection
LCA – Lane Change Assistance
RCW – Rear Collision Warning
RCTA – Rear Cross Traffic Alert
RCTB – Rear Cross Traffic Braking
SCM – Second Collision Mitigation
BSD – Blind Spot Detection
HDC – Hill Descent Control

*Driver remains solely responsible at all times for safe driving.

First Class Convenience For Your Lifestyle

Stay connected to your GWM WEY G9 wherever you are. The GWM App gives you a clear overview of your vehicle and allows you to prepare the cabin before you even step inside. From checking vehicle status to managing comfort settings, everything is designed to feel ready when you return.

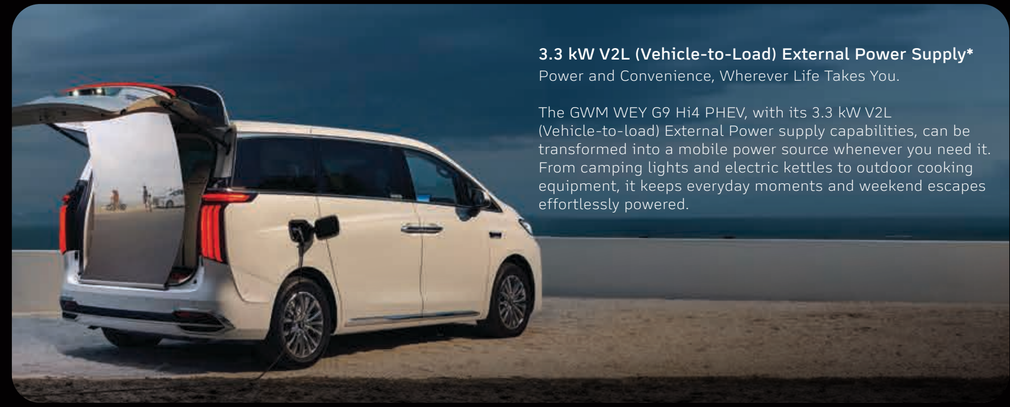

GWM APP FEATURES

- Remote Door Lock and Unlock
- Remote Window and Sunroof Closing
- Remote Engine Start and Stop
- Remote Climate Control
- Tyre Pressure And Temperature Monitoring
- Driving Range Monitoring
- 12V Battery Alert
- Geofencing and Vehicle Location Alert
- Find My Vehicle
